# **Sportsguard** *mouthguards*

Sportsguard is Australia's industry leader in the design and production of custom fitted mouthguards. Designed and manufactured by dental professionals since 1960, Sportsguard mouthguards provide maximum dental protection for the mouth, teeth and jaw by absorbing the shock experienced from a blow to the face whilst playing or training for any sport.

All Sportsguard mouthguards are comfortable, tight fitting and allow you to speak clearly. Mouthguards are available in thousands of colour combinations and are claimable for patients with private dental health cover.

**Avoid the painful and costly experience of injury and protect yourself with a custom-fitted mouthguard today.**

**Heading off to play?** A mouthguard should be the first thing any sports player should throw in their sports bag. It not only protects their teeth and gums, it can reduce the risk of jaw damage and concussion, along with a lot of pain.

Every year too many young sports participants suffer sporting dental injuries that could have been avoided or made less severe if they had been wearing a custom-fitted mouthguard.

The Australian Dental Association recommends that only a professionally custom-fitted mouthguard should be worn and that you should check your mouthguard every 12 months for optimal fit and protection.

Simply complete and return the attached order form to provide permission for a professional mouthguard fitting at your school, club or clinic.

“Anyone who participates in a sport that carries a risk of contact to the face should wear a mouthguard. This includes obvious sports such as football, boxing and rugby, and also collision sports where unexpected contact often happens. These include basketball, hockey, water polo, lacrosse, netball, baseball, softball, squash, soccer, BMX bike riding, horse riding, skateboarding, in-line skating, trampolining, cricket (wicket keeping or batting without a helmet), water skiing and snow ski racing.”

– Australian Dental Association

- Step 2 Choose your colour (if applicable)
- Step 3 Complete player details (back of form)
- Step 4 Complete payment details (back of form)

Sportsguard lanyard and  
hygienic container included with  
selected mouthguards

ISO 9002

## mouthguards for juniors

### A Sportsguard Junior Starter

PRICE: \$70 (INC GST)

- ✗ Lamination
- ✗ Name Insert
- ✗ Colour options (clear or white only)
- ✓ Optional hygienic container & lanyard

*Start your sporting career with a professionally constructed and fitted Sportsguard mouthguard.*

The thickness of the Starter makes it very comfortable for a younger player to get used to wearing a mouthguard. This is your basic type of mouthguard for the beginner playing low impact sports.

This mouthguard is available in clear or white. A name insert is not available with this type of mouthguard.

### B Sportsguard Junior Laminate

PRICE: \$145 (INC GST)

- ✓ Under 11 years
- ✓ Dual layer lamination
- ✓ Name Insert
- ✓ All colour options
- ✗ High performance material
- ✓ Includes hygienic container & lanyard

The Sportsguard Junior Laminate is a customised laminated mouthguard which consists of two individual layers of material, heat and pressure formed in the Sportsguard laboratory.

The laminate gives younger players a mouthguard with added protection. It is suitable for children with erupting teeth.

It is available in all colours and includes a name insert.

### C Sportsguard Junior Impact Laminate PRICE: \$170 (INC GST)

- ✓ Under 14 years
- ✓ Dual layer high impact lamination
- ✓ Name Insert
- ✗ Colour options (white only)
- ✓ High performance material
- ✓ Includes hygienic container & lanyard

The Sportsguard Junior Impact Laminate is the top of the range mouthguard for all junior players. This mouthguard is manufactured with a specific type of material which absorbs approx. 30% more impact and is stronger than your standard mouthguard material.

The Sportsguard Junior Impact Laminate is a customised laminated mouthguard which consists of two individual layers of **high impact material**, heat and pressure formed in the Sportsguard laboratory.

## mouthguards for seniors

### D Sportsguard Senior Starter

PRICE: \$85 (INC GST)

- ☒ Lamination
- ☒ Name Insert
- ☒ Colour options (clear or white)
- ☒ Optional hygienic container & lanyard

Start your sporting career with a professionally constructed and fitted Sportsguard mouthguard.

The Sportsguard Senior Starter is your basic mouthguard for a senior player, ideal for low impact sports.

This mouthguard offers good protection at a thickness ensuring great comfort. A name insert is not available with this type of mouthguard.

### E Sportsguard Senior Laminate

PRICE: \$205 (INC GST)

- ☒ 14 years and above
- ☒ Name Insert
- ☒ Colour options
- ☒ Dual layer lamination
- ☒ Includes hygienic container & lanyard

The Sportsguard Senior Laminate is a customised laminated mouthguard which consists of two individual layers of material, heat and pressure formed in the Sportsguard laboratory. The laminate gives players a mouthguard with added protection.

It is available in all colours and includes a name insert.

### F Sportsguard Senior Impact Laminate

PRICE: \$235 (INC GST)

- ☒ 14 years and above
- ☒ Triple layer lamination
- ☒ Name Insert
- ☒ Colour options (white only)
- ☒ High performance material
- ☒ Includes hygienic container & lanyard

The Sportsguard Senior Impact Laminate is the top of the range mouthguard for all senior players. This mouthguard is manufactured with a specific type of material which absorbs approx. 30% more impact and is stronger than your standard mouthguard material.

The Sportsguard Senior Impact Laminate is a customised laminated mouthguard which consists of up to 3 individual layers of high impact material, heat and pressure formed in the Sportsguard laboratory.

## mouthguard for orthodontics

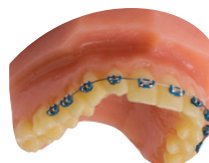

### G Sportsguard Orthodontic Laminate

PRICE: \$235 (INC GST)

- ☒ All ages
- ☒ Lamination
- ☒ Name insert
- ☒ Colour options
- ☒ Includes hygienic container & lanyard

The Sportsguard Orthodontic Laminate is highly recommended for any player wearing orthodontic bands (braces). It is made up of two layers of mouthguard material and is designed to accommodate for some tooth movement during the orthodontic process, providing teeth and soft tissue protection. It is available in all colours and includes a name insert.
