UPCOMING EVENTS

Book in this **Friday 24th of June** for another rendezvous at our Club Rooms. It's the end of Term 2, the middle of winter and what more excuses do we need than to get together for a drink and dinner.

Join us on **Saturday 13th August** at the **Kooyong Lawn Tennis Club** for an exclusive luncheon where you can hear from Rosie Batty and understand how we, as a footy club, can stand together and support the campaign to end family violence in Australia.

You will be provided a unique opportunity to ask Rosie questions first hand, and learn about her **Never Alone** campaign and the five step plan to fix family law in our country.

Tickets: \$ 70 per person - includes a two-course meal and a drink on arrival. A cash bar will be available for drinks throughout the rest of the luncheon.

Dress: Smart Casual (collared shirt for men)

Parking: Free unmetered parking is available directly opposite the main show court on Glenferrie Road.

Today our boys were up against St Marys and on our home turf. We were out to make a mends for the RD 2 3 pt loss. The boys had a fantastic first half of footy and ticked all the boxes! Unfortunately we had a 3rd qtr lapse in intensity and were 2nd to the footy which allowed St Marys to gain momentum. The boys turned it around in the last term to fall short by 3 goals. Overall a great 3 qtrs but also showed us that we need a 4 qtr effort which isn't far away...

It was a very tough game for the Ashy blacks and an even tougher result because I truly believe the better team lost on the day. The ball was in our forward line for 70 % of the time and nudging 90% in the second half but we just couldn't convert. The Nth Brunswick boys were scoreless from halftime. We kicked two goals, three behinds and two shots at goal that went out of bounds on the full and the Nth boys kicked 3 straight goals in the first half i.e. only 3 scoring shots so they made the most of their opportunities. Having said all that I think there is still a heap to take away from the game. You could almost see the realisation "CLICK" into the minds of our boys just before the halftime break. They worked out that they were the better team and now they were ready to get cracking. Unfortunately, the conditions worked against us when we finally clicked. The very simple message to come out of the game is "SWITCH ON" from the first bounce and throw everything at it. Don't leave anything in the tank. Far better to be in front and have to be run down than being behind and having to catch up. Just ask the Nth Brunswick boys because that's what they did to us.

The Blacks played with a lot of heart today - but unfortunately sustained another close loss (7 points) Being only our 4th game this year (and only able to team 18 players) - we have now played 3 out of the top 4 of the table teams - each with small loss's - As frustrating this has been for all of us - its also demonstrates that we are very close to being where we need to be - and with each encounter we all grow stronger. Todays game was goal for goal until late in the 3rd quarter when Banyule pushed 2 goals a head, Banyule also scored the first 3 goals in the 4th Quarter But the blacks came home with a rush scoring the last 4 goals (if we only had another 5 minutes of play!!) finally going down by 7 points. Overall the boys are still improving and showed a lot of heart today - during what was a very physical and hard fort contest game. Well done boys - we were all very proud of how you all fort it out today. Keep your heads up as were no to far from the mark.

A tight game resembled that of the NBA game 7 between the Warriors & the Cav's in which both teams seemingly had the upper hand at various times. A 3.00pm start on an overcast day required the lights to be turned on as the girls got a taste of some 'pseudo' night footy. Alas a couple of close misses from set shots meant that we fell just short of a strong Glen Iris team.

CHANGING OF THE GUARD. With Coach Schleiger sidelined and nursing a coffee, our faithful Assistant Coach Glenn got the call up to don the Coaches bib and get out on the field. He took to the ground with aplomb and was quickly dishing out feedback and instructions a plenty. Everyone played really well as a team and the ball was passed around a lot. The willingness of the boys to look for teammates in a better position shows just far they have come since the early Auskick days. They are playing like a team rather than just a group of individuals. The ruck work was quite good with a number of great taps leading to centre clearances. In the end, our opposition proved really strong particularly when their best player was dominating in the centre and making plenty of opportunities for his teammates. But our boys didn't give up, worked hard all across the ground and as always, their tackling was superb. Whatever the parents are feeding the boys for breakfast; keep it up as they never seem to run out of steam! Thanks to all the parent volunteers this week. It's hard to get out there on these crisp Melbourne winter mornings, but even more so the morning after a big school social event the night before #hatsofftoyout

POPE PACKAGING Under 9 Red

Coach: Matt Pietsch

The boys were set a task of tackle and hard ball gets by the coach Matt Pietsch and with a big bag of candy to incentivise them. They were full of enthusiasm before the game and the pre-game warm up had them all revved up. Captain of the day Tyson won the toss and elected to kick to advantage. The boys took to the field and were confronted with a team that had a few kids that must eat more than just Wheaties for breakfast and they were of gigantic proportions. The team stuck to the coaches instructions and show tremendous tenacity as they tackled well and went in hard.

The first quarter was testing but Evan, Ollie G and Henry all tackled well while Dozer, Charlie and Bailey lead the way on hard ball gets. Kade, Tyson & Tom V were kept busy in the back line and gathered vital kicks. The second quarter brought the dynamic combination of Taylor, Ollie P, Hugo and Jonty into the mids, and they continued on the team objectives and battled on to give the forwards some needed opportunities. Tom D, Josh & Kade were gallant in their use of the ball but were unable to find the big sticks. Ben Jones and Evan held strong in the defense against the tall imposing opponents.

Half time gave the boys time to refresh and they lost no determination as they again hit hard in the 3rd quarter. Tom V was busy in the mids with great support from Josh, Henry & Tom D. Ben Swift rebounded well from defense with Taylor, Jonty and Ollie P giving strong support. Hugo was outstanding in his defensive roll and continued this into the last quarter. Ben Jones & Bailey gave a big last quarter effort to present some chances to the forwards. Ollie G, Tom D and Evan made the most of limited forward opportunities.

In the end the coach was thrilled with the endeavors and application the team showed.

Coach: Brett Gatehouse

After a week off from footy the boys were excited to be back at ferndale and pumped for a tough clash against old foes Fitzroy. Absent was head coach Brett Gatehouse who is currently toughing it out in the Greek islands having a few 'quiet ones' with his younger brother and friends. Please send all sympathy messages to Brett via email/facebook etc as I'm sure he is having a horrible time. With Brett gone Peter Siassios stepped into the coaches box to lend a hand and fire the boys up pre-game. Harry ridder also stepped up playing the roll as 'board holder' - a tough job given his toe injury but never the less done brilliantly. Anyway, to the game! Fitzroy a long-time rival of Ashburton are always a tough challenge with a strong well drilled side. Our boys were up for a fight and we certainly gave them a scare. We jumped them early and scored the first goal through Jordy Arazi with some good clearance work from Flynny and Griff in the middle. Fitzroy managed to break into a 3-4 goal lead which they maintained throughout the game. It was a tight contest throughout the day and we challenged them until late in the last quarter. Unfortunately they kicked away with a few 'junk time' goals and as such the scoreboard didn't reflect the closeness of the game. Flynn was again busy in the middle leading the way in our clearance work. Cooper Wyett and and Joel Wilson were also tough in the middle, with cooper laying a few big tackles ending in holding the ball. Up forward it was Jordy Arazi and Adam Celik doing the damage slotting 5 between them. Will Griffin was great in the ruck, playing possibly his best game of the year. Against a tough ruckman we were on top in the hitouts and Griff managed to clunk a number of good marks around the ground. A really positive effort from the boys against a tough opposition. I feel like this game can really set the tone and the standard for the rest of the year. We now have a bench mark to work towards and improve on each game, and if we bring that effort every week we will notch up a few more W's come seasons end.

Goal of the Day	First goal of the game through Jordy Arazi. Dropped the mark 40 out but recovered quickly to slot in off one step. Definitely an exciting start to the game.				
Play of the Day	Link up by hands down the wing, a few touches from Flynn and Cam Monaco in the chain. We worked and resulted in a scoring opportunity.				
Mark of the Day	One of the many clunks by griff around the ground. As well as Westys attempt at mark of the year - didnt quite stick!				
Best Team Player	Top team effort but the tackling and pressure from Cooper , Joel and Flynn in the middle set the team standard all day.

A tough day at the office for the U14 Greens, outsized by the division's top team. We did manage to kick three goals in the last quarter on the back of persistence and good ball movement, while the boy's effort, commitment and fighting qualities could never be questioned. A great effort from Harry McLean, who played his 100th game, in a season where he is playing great footy, who got up after a heavy knock early and kicked a couple of goals. Great effort from Aiden and Sam B who filled in for us, backing up after their under 13 game.

Coach: Simon Martin

We had a tougher day of late against a strong Templestowe team. As ever we started slowly a couple of goals down but playing up the slope on the big oval. We came back into it in the second with Hugh scoring an outrageous goal, drilling through after a trademark run, hand balling to himself along the way. In the 3rd, we got ahead with Abhay and Kai kicking close range efforts but let the Dockers back into it with a couple. Our defending was stout throughout, particularly at full backs with Aidan excelling with rebounding intercept marks in the 2nd, Luke using his smarts in the 3rd and Danny saving a couple of certain goals in the 4th. Despite kicking down the hill we didn't have much left and we stuck faithfully to our rotation policy despite Templestowe having their best on the ball throughout. A strong effort boys, just got pipped by the better team in the end.

Sherlock Wheelbarrows Under 13 Black

Coach: Tony Smith

For the first 3 quarters yesterday, they couldn't get near us. Against a taller outfit, you out contested them and moved the ball so quickly down the ground. The umpire came up to me after the game and queried why you were playing in that division as he said that when you got the ball on the outside of the contest you moved it so quick he couldn't keep up. That is a huge compliment to you guys. Highlights for the game for me from a development perspective was the fast and direct route to goal in the first half, the openness of the forward line and then the discipline to play everyone's roles throughout which resulted in our most accurate period thus far. 7.3 versus 2 points at half time showed this. The ability to handball the ball was excellent with no better example than Sam Carmody pulling in a strong mark and John Hynes running past for the handball and then a long goal. Wilshy Khan played his best game I have seen not only running through the contest gathering the ball and getting handballs to advantage out but also running to the contest culminating in a great crumbing goal off the ground. Jack Wyld's 50th game and the way the team responded to making sure it was successful. Will Drew (4 goals) and Harry Mounas (multiple rebounding out of defence) fitting in very well for their first game looking as though they had played all year while Lachie Irwin's fast attack on the ball marking out in front on a fast lead looked like AFL football rounded it off nicely. What needs to be worked on is holding our structures. The third quarter saw 1 goal 3 as we continued to see too many players clogging up the forward line chasing goals as we had our midfield, defensive players and backline peppering our forward 50 but for little result and the new backline in the last quarter allowing their opponents get out the back of the contest on their own which wasn't helped by the defensive players and onballers not getting back quick enough to help out. The last quarter was manufactured by me, I did take the opportunity being 8 goals up to really throw the side around. I didn't give you specific instructions but rather just through you out there. It does show you though that you need to have a role every quarter with specific instructions to come together as a team or else the game won't work for you. If we kept the side going as it was, you looked like you were going to win by 14 or 15 goals and that doesn't teach you anything. Good guys 8.6.54 to the opponents 6.3.39

With rotations down again and coming up against one of the better sides in the comp it was going to be a tough day. Unfortunately it was made even harder when three of the bench was out before the halfway mark of the 1st quarter. This however did lead to the boys getting disheartened in anyway and to their credit even after a big loss they walked off the ground with their heads held high. It is always difficult to play with no rotations at the best of times and not once did I hear a child complain and that was the most pleasing thing. It is always easy to be up and going when you are winning on the scoreboard but the fact the kids gave 110% for the entire game I could not have been more proud of the group as I was at the end of that game. It just goes to show the character that these kids have and it is an honour to be able to call myself their coach. Onwards to next week boys.

Goal of the Day	With the begging of the game being a close contested tussle the boys were able to switch the ball out onto the wing with great ball movement leading to Alex Hamlyn getting on the receiving end of a great chain of play. This was especially pleasing due to the fact Alex had been unable to play for some weeks due to injury.				
Play of the Day	With the other side kicking out on the full in our back line Johnno was able to stick to the game plan perfectly by not once looking down the line and kicking the ball straight into the middle of the ground to Tom Coyle. This mark lead to a turn and go quickly out onto the far wing leading into a forward 50 entry (hard to come by unfortunately). It was an outstanding showing of listening and believing in the team game plan that resulted in one of the best ball movements of the day

This was just an outstanding show of character and could not have been more proud to be coaching such a wonderful kid.

After some insightful words from co-captain Will Rowley, Ashy Green set out against Parkside to work as a team with the focus of keeping the effort up for the full four quarters. We started the game in terrific style with a great first quarter. The entire midfield ran hard the whole quarter getting to each stoppage. Tom Voller and Charlie Nancarrow combined particularly well at the boundary throw-ins. Fighting hard for the ball, and tackling hard meant we were able to force the ball forward where we had a couple of shots on goal. Harry Stack had an unlucky bounce when shooting for goal, while Ollie Egerton took a great mark in front of goal which he calmly converted giving us the early lead. When Parkside did move the ball forward, our half-backline led by Charlie Matthews, Ollie McKerral and Sean Egan repelled their advances and left them scoreless for the quarter. In the second quarter Parkside came out fighting. We were able to absorb their initial pressure and get back on top as the quarter wore on. Our midfield was again outstanding, with Lachie Harkness rucking well around the ground and providing some good passes, and Ollie McKerral doing the tough stuff at the bottom of the packs. The backline again thwarted Parkside's advances with Charlie M, Ollie Hobday and Tom providing great drive off half-back enabling us to get the ball forward. Will McQueen played a great quarter as a roving half-forward, tackling hard and showing some football smarts by passing to Zack Thurman on a great lead rather than going for goal. James Kerr kicked a great goal from the forward pocket. Ferg Ekins and Ned Clements looked threatening up forward (with Ned calmly dealing with the Parkside opposition as they got frustrated as we got back on top). While Elijah Bazley presented well with a great shot at goal and taking on some tacklers. At half time we were two goals up and looking forward to enjoying some oranges. Unfortunately someone dropped the ball and forgot the oranges, meaning we had to revert to performance enhancing snakes at half-time (boys don't tell WADA). After some wise words from co-captain Leigh Bouyoukas, we overcame this adversity and focussed on making sure we put in a four quarter effort. As expected Parkside again came at us hard in the third quarter, getting the rub of the green and kicking a couple of early goals. This was despite the continued hard work of Tom V, Luka Best, Angus McCleery and James K covering great ground in the midfield. As the quarter wore on we started to get back on top. Our determination was typified by some ferocious tackling by Charlie N. For the last quarter the focus was on maintaining our effort for one more quarter. In a tough battle, Ashy Green fought bravely. Harry, Ollie H and Lachie were hard at it in the midfield, while Ned was controlling the centre square with some strong marks. Sean and Zack both played a great quarter on the wings, with Zack laying a tough tackle and Sean winning a lot of the ball (before and after taking a heavy blow). Whenever Parkside looked to take it into their forward line, it was either cut-off by a series of strong overhead marks by Charlie M, or their forwards were blanketed by close checking from our backline (well marshalled by Tom V). Up forward Ollie E and Elijah continued to present well. Our continued good play was finally rewarded with a great team goal when James K kicking the ball long to Zack in the goal square, thereby ensuring victory.

Best Players	Will McQueen, Charlie Nancarrow, Charlie Matthews, Harry Stack, James Kerr, Thomas Voller				
Goals	Ollie Egerton - 1, James Kerr - 1, Zack Thurman - 1				
Goal of the Day	James Kerr running strongly at half-forward in the last quarter, evading a couple of opposition players before kicking it long into the goal square where Zack kicked the sealer!				
Play of the Day	Thomas Voller and Charlie Nancarrow combining well at the boundary throw-ins in the first quarter. Thomas repeatedly won the tap, hit it to Charlie, who had positioned himself well at the fall of the ball and was able to get a quick kick to get the ball forward.				
Mark of the Day	Charlie Matthews taking a great overhead mark over a Parkside player at Centre Half-Back. The mark came at a key time in the last quarter and was one of many Charlie took for the day.				
Best Team Player	Ned Clements keeping his cool and focussing on the ball as the opposition started to get frustrated.				

Sports Mouth Guard Under 15 Girls Green

It was a fine morning in mid June when the girls took to the field. What motivated them as they stood around the ground waiting for the Umpires' whistle to start the game? Knowledge they had the week off the next week or a rousing speech by the Coach. Who knows, but motivated they were. The whistle blew, the tap was won and the ball driven deep into the forward forty. After that it became a blur of kicking on goal and ferrying the goal to the centre for the match to recommence. Highlights (apart from the 6 goals and 12, yes TWELVE behinds) were Ella's mark, Elli continually being under the bottom of the pack trying to get the ball out, the clean clearance in the centre to feed the forward line, the team work in the forward line, the number of shepherds and the talk. Goals for the quarter to Eliza, Elli, Georgie, Charlotte and Aleisha. Quarter time saw the coach ask for less rushing and to look for better options and to try and reduce the point count. This saw a marked increase in the clean possession with great marks taken by Georgie, Charlotte, Isabella, Alex, Lucy, Ella and Jacqui. Kallista was swapped into the ruck and Alex to full forward. The tackle count also went up as relentless pressure was applied. Highlights was Ella and Eliza being everywhere, Ginger's tackling girls twice her size, Erin's 3 consecutive tackles to effect a turnover, and for me one of the fabulous play on the day; Eliza to Alex to the square where the ball was in dispute until skillfully crumbed by Georgie and goal! Goals by Eliza and Georgie. Something must have been in the half time oranges and talks. Though not previously soft, Richmond were harder at the ball, A set of new structures by both coaches including moving the back line up into the mid-field to get them into the game more really shook things up. The scoring rate dropped off with only 3 goals scored, largely due to the oppositions' pressure. They made several forays into their offense 40 but were successfully repulsed each time. Highlights were Sienna's attack in the mid-field and Ginger's 2nd efforts in tackling and crumbing (which was finally rewarded). Goals to Aleisha, Ginger and Eliza. Not sure what was said, however, the 3/4 time cheering in response to anything the coach said was motivating (to the girls) and amusing to the onlookers. The fitness and smart rotations started to show as the relentless pressure by yet another mid-field structure, with Eliza taking on the rucking role and a revitalised front line lifted again, and it started raining goals. Apart from great marks by Olivia and Ella, there was some lovely linking play with quite a few kicks to position and quality marks; one sticking out was the other great play of the day with Eliza following up a missed tap to clear - Lucy marked and booted a great pass to Ella - goal! The cheering for Sienna's maiden goal for the team was great to see too, with players running in from everywhere to congratulate her. Goals to Charlie, Eliza, Ella, Sienna and Olivia. Some wise words from Coach Kim about empathy just after the siren tempered the celebrations until in the room when the Club song was sung with appropriate gusto. Sorry to those that I've not mentioned; I just did not record the specifics of your actions - this was a team victory with everyone on the team contributing and there were no passengers. A difficult day for those in the back line with not a whole lot of action, but a 0 score shows just how well you did your job when the ball came near. Well done girls

3 Super quarters of excellent football was spoilt by 10 minutes of lazy football where the boys need to learn how to play for time and lock the ball into their area than keep the ball alive whilst Whitehorse were on top. Great comeback in the third quarter and again in the first half of the last quarter where the boys gave themselves a good chance to win the game. It is a relentless division of football and the boys have played some great football in the past 2 weeks just failed to sustain it for 4 quarters. Not often I can say this but the umpiring was the best I have seen where the ball carrier was protected and the tackler rewarded well done umpires.

FITZROYS Under 12 Green

Coach: Bill Mithen

For the fourth time in five matches, the Ashy Redback under 12s fought out another epic battle decided by less than a goal. However on this occasion, the rollercoaster Gods were looking the other way and the Redbacks faded in a disappointing second half. In cool and sunny conditions with little or no wind, the Redbacks travelled to face traditional rivals, the Whitehorse Colts. In an historical time capsule of the 60s and 70s when religion and footy were far more closely entwined, the Colts are an amalgamation of a range of former church-based clubs in the Box Hill North area (the Box Hill Baptists, Pioneers, Uniting, St Peter's and Whitehorse United). The biggest name exported from these clubs was former Hawthorn hard nut, defender, Alle de Wolde. As with the weather, the Redbacks got off to another bright start, particularly welcoming back Matty 'MJ' Jefferson after a long layoff through injury. Not only did we get MJ back, but we were also fortunate enough to have his father Brett 'BJ' Jefferson running the boundary line. In days of football glory past, Dad BJ was a superstar ruckman in the VAFA for A-Grade powerhouse Collegians, a regular club Best & Fairest winner and State representative. Like the family business (Jefferson Ford – 'greatest car dealer in the Free World'), BJ generally runs without a hitch. So it was interesting to see eyebrows raised over sartorial judgment as BJ skirted the boundary line in three-quarter length brown cargo pants that looked more like a pair of old lederhosen tossed aside from the Von Trapp family chorus line of The Sound of Music. But back to the football. Early dominance was established by some excellent midfield work from Oscar Leeds, Leapin' Leeshan Navaneetharaja and the Chairman himself, Ben Mithen. The Big Show was in good early form with a quick snap for goal, followed by a surprise left sided turn from Harvey 'the Saint' Moore who left a pile of grasping defenders in his wake. The early scoring output was reinforced by an opportunistic major from the reliable boot of 'Tidy' Joel Tyquin, the cleanest and whitest football shorts in known memory. The rollicking good form stretched into the second quarter as Ashy increased its lead with some wonderful work from Gus Simpfordorfer who produced a 270 degree pirouette on the half forward flank before driving the ball long to the forward line. The Tarmac's follow-on knock to the roving Mithen produced another goal before the long break. It was also reassuring to see Tarmac's father, Jason 'Twiggy' Simpfordorfer on the sidelines continuing his great work as team medico. In previous years, Twiggy worked in tandem with Marcus 'Nails' McCarthy as one of the medical duo better known as the 'Glacier Brothers', because of their unique turn of glacial deceleration in getting out onto the playing surface to attend our injured heroes. By the long break, it looked like Ashy had this game under control. However as Coach Mithen presciently pointed out, there was a risk of complacency. Or as he said in the rooms, 'Boys, I sense some déjà vu all over again'. To their credit, the Whitehorse Colts resisted the temptation to mix their metaphors and bounced back from a disappointing first half. They doubled their score in the next after 'Danger' Will Robertson extended the Ashy lead and then rattled on two goals in a compelling final quarter. Tension mounted in the last as the home side made a driving bid for glory. Ashy was well served by Aden Shinnick and the reliable Volvo, Finn Jessen. The attacking forays of the Colts were held back by some fine marking and reading of the play by the Raptor, Jai Raptis, Butcher Branagan, MJ and Angus Perry deep in defence. But there were to be no miracles this day and Whitehorse broke through for a well-deserved victory. And for Ashy, two close wins from four tight ones. This was a strong and robust contest. Well done to both teams on the spirit and quality of play.

Well the girls played on clearly the biggest ground in junior football Brunswick Oval. And not one time was there boundary throw in. From the 1st bounce they were switched on after over hearing the opposition coach saying that Ashy girls don't like going in for the hard ball. Well they put that conversation to rest by quarter time leading 5goals to 0. The rest is history as they won on a brisk winters afternoon. 9.9= 63 to 0.2=2

What a game. The ladder would have suggested a big win for the top team Bundoora, but our team wasn't going to have any of that. It was finals like footy. The lead changed many times throughout the game and the contested footy was fantastic to watch. The crowd got right into it. Not only was it our best match this season, the game was played in great spirits all round and the umpiring was spot on. In the end our boys lost in the last 10 seconds of the game, but as a whole we are so proud of their efforts. The opposition coach stated it was the best team they have played this season, not only the way we play - but also the way we conducted ourselves. Well done again lads.

Goals	Oli - 2 Petro Tye Benny				
Goal of the Day	Tye a great front and centre grab who converted from 30 out.				
Play of the Day	Our quick movement into the forward line reaped award every time, but it was a beautiful play by Ned who positioned himself perfectly to nudge out the big backman, took possession and banged it long into the square.				
Mark of the Day	A great defensive mark by Austin which stopped their attaching charge into the forward line.				
Best Team Player	We had plenty today, but in the last half Huddo and Harry willed themselves for many hard ball gets.

Ashy White away to Surrey Park Panthers – Match report by Mark Branagan Under 9s

This match against traditional rivals, the Surrey Park Panthers was always going to throw up its challenges, coming the morning after the St C midyear function. In the space of just a few hours, panthers had replaced cougars.

In addition, the great Coaching Dilemma continued with the absence of head coach Simon 'Goody' Goodwin on AFL duty in Sydney while his trusty offsider JR Reid was tied up interstate in his role as a stuntman for the 'AFL Rookie' TV series and his relentless ongoing search for The Next Big Thing. But old memories take time to fade and in some respects it was not surprising that both of these former Adelaide boys preferred to skip this week given that our opponents were wearing the traditional black and white 'prison bars' style footy jumper worn by the original Port Adelaide FC in the SANFL.

Once again the coaching role fell to The Chainsaw, Nick Adams who grasped the responsibility with relish, this week in a new pair of designer grey tracksuit bottoms with stylised 'N.A' initials and his personalised chainsaw logo on the clipboard. As always the Chainsaw was ably assisted by the loyal Ben 'Huggo' Huggins, obviously still on a high after the latest successful protest stunt of the Save Glen Iris Buffet campaign which had closed the Monash Freeway for six hours during the previous Monday morning peak hour.

'Capitan del dia' was none other than Lethal Louis Jones, an inspired choice to lead the travelling band of Redbacks. The venue looked ominous, the massive sprawling oval at Surrey Park crowned by a nine inch deep mud patch in the centre about the size of a sprawling outer suburban railway carpark and just about as hard to get out of. But the conditions did not distract the Redbacks who got off to a brilliant start from Ethan 'the Edge' Georgiades who took two strong marks - which wasn't a bad effort given that he got himself into bed later than his parents on Saturday night. Skipper Jones was in every piece of the action which was particularly important in the absence of the Masterpiece, Paddy Harmon who had been carefully wrapped in cotton wool and bubble-wrap and transported off to Broome for two weeks.

Despite the difficult conditions, the Redbacks initially played some inspired football. The Leap of Faith, Lucas Higgins excelled yet again as did Jayden 'Rowdy' Reid and the Good News, Eddie Goodwin. The Postman, Jack Urquhart played with the sort of manic intensity that one would more typically associate with his Dad, Paul discovering a rogue envelope on his delivery rounds without a valid four-digit postcode. The Redbacks strong early teamwork ended up with a goal to the B Double, Jonny Branagan after excellent work from the Anvil Angus McMillan and Gus, the Grinder Grainger.

But after half time the momentum swung entirely as the Panthers managed to get on top and unloaded a goal scoring blitz. The only solace for the Redbacks was the presence of goal umpire Steve 'Are you all Done' Gough who to his credit still made it to the game despite returning from Bali on the morning of the match. Fortunately unwary spectators had been spared any initial blushes as Gough had discarded the traditional Balinese national costume (the white Bintang beer singlet) en route to Kuta. Although as jetlag kicked in, it was apparent that Gough was still on Bali time as he missed a couple of goals while leaning against the fence talking to strangers and trying to sell them cheap Rulux watches.

In the later stages of the game, Lethal Louis Jones kept up his driving leadership with two fine goals, great poise was shown by Ev Dog McMahan and of course supreme defence was delivered by The Warden, Josh Martin. In the end, this was a great performance by the home team with a scoring display similar to the '82 final series when temperatures averaged 25 degrees celsius. Overall, this was a noble effort from the visiting Redbacks in tough conditions. Well done to both teams.

Best: Huggins, Georgiades, Jones, Branagan, Macmillan, Gough (both of them), Reid, McMahan

Goals: Jones 2, Branagan, Simonato 1.

UPCOMING EVENTS

See you at Club Night this coming Friday. It's going to be cold outside but warm inside. Collingwood v Freemantle will be on the big screen, the U15s will be in the house supporting Harrison Shugg to sell tickets to Ash's Wheel, we're trying something new on the menu and the drinks will be served with a smile.
